To these four young

Daniel 1:17

Daniel passes the test

Have you ever prayed for a little help from the heavens on an English test? Would you believe that the Bible confirms that God is completely able to give you "knowledge and understanding of all kinds of literature and learning?" That's straight out of Daniel chapter one. The Bible

says, "To these four young men God gave knowledge and understanding of all kinds of literature and learning." So now you're wishing you were one of those four men. Well, guess what? You can have the same help from God they did. In order to do so, you must first understand why God chose to bless them in such a way. Then, you must apply the same principles in your life that Daniel and his friends applied in theirs.

First of all, Daniel was obedient to God. When the king's officer tried to get Daniel to eat meat that had prayers to false gods offered over it, Daniel decided he would not dishonor God by eating it. Your words and actions at school and at home must bring honor to God. Bad jokes, cursing, and fighting are just a few of the things that dishonor God and keep you from receiving His help with learning. Decide to obey God and let your actions bring honor to Him through obedience of His word.

Next, Daniel had faith in God. Daniel convinced the king's officer to let he and his friends eat vegetables for ten days. After that, Daniel told the officer to treat them based on what he saw. If they didn't look healthier, their lives were probably going to be in danger. That's quite a risk, but Daniel trusted God. After ten days they looked healthier than all the other men who had been eating the meat offered to the false gods. Daniel's trust and his obedience caused God to bless him with knowledge and wisdom. Be obedient to God and trust Him even when someone makes fun of you. You might just find yourself in the same spot as Daniel. The Bible says the king "found none equal to Daniel" and his friends. That's what you call a heavenly grade!

Quiz Time!

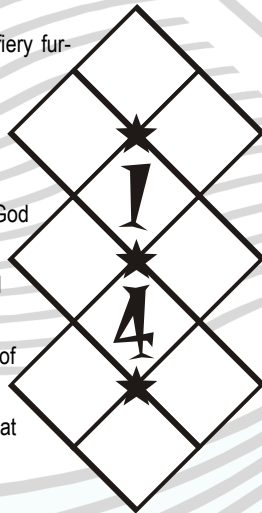

Brain Teasers

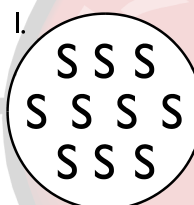

Here's a puzzle which will really get your mathematic juices flowing. First, go through and figure out the answers to all the questions below. Then, using each answer only once, arrange the answers in the squares so the 4 numbers surrounding each star add up to 20. It's much harder than it looks. But don't fear, you already know where the numbers 1 and 4 go. Happy adding!!!

The Questions

- 1. What percent of our money do we give to the Lord as tithe? (Lev. 27:30)
- 2. How many cherubim were on the ark of God? (Exodus 25:18)
- 3. How many loaves of bread were used from the boy's lunch to feed the 5000? (Matt. 14:17)
- 4. How many times did Naaman duck in the river Jordan? (II Kings 5:10)
- 5. How many men did the king see in the fiery furnace? (Daniel 3:25)
- 6. How many lepers did not return to thank Jesus for their healing? (Luke 17:14-18)
- 7. In the creation, how many days did God spend creating? (Genesis 1:31)
- 8. How old was Joash when he was anointed King? (II Kings 11:21)
- 9. How many chapters are in the book of Jude?
- 10. How many days was Jonah inside the great fish? (Jonah 1:17)

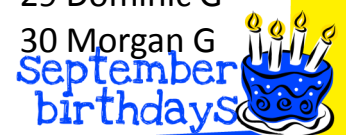

It's time to put your thinking muscle to work. See if you can figure out these word puzzles. If you need some help you will find some hints below. Each answer has to do with sports and games.
